4-DAYS MASTER COURSE WITH HOWARD CHOY, B. ARCH

Workshop on Business Feng Shui
Feng Shui and Retail Shops

Vienna October 21th – 24th, 2011

HOWARD CHOY first time in Austria!
AUTHENTIC FENG SHUI
from a Chinese Master

In this first master class held in Austria by Howard Choy, we will look at Feng Shui and the design of two retail stores, where you can learn the advanced techniques of business Feng Shui to help the storeowners to achieve an optimum and attractive atmosphere that will increase customer patronage and sales revenues.

We will begin the workshop with a brief introduction to the subject and a visit to the shops. In the following days we will work on the Feng Shui analysis, discuss its impact on the

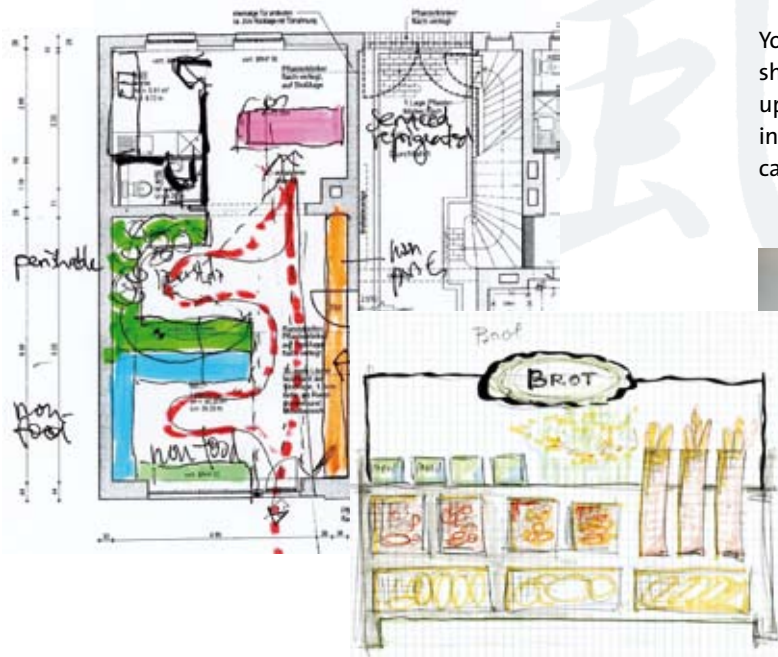

individual business, develop design approaches for discussion and arrive at a final set of suggestions for presentation to our clients.

At the workshop we want to convey how different requirements can be considered with different retail concepts and arrive at a design that is optimal and individual, and thus create the best conditions for the context of the site and for the storeowners.

The workshop provides an opportunity to observe up close and learn from an experienced teacher, the intricacies and „craftsmanship“ in the application of classical Feng Shui. We will use both the Form and the Compass school methods. Therefore some knowledge of Feng Shui is required from the participants.

You can look forward to a demanding and hands-on workshop in a pleasant atmosphere of small a size study group, up to a maximum of 20 participants. All teaching will be done in English with German translation. You will receive a certificate of the European College of Feng Shui (ECOFs) Berlin.
